

# S F SERIES

## INLINE FLOW METERS

- Suited for fine powder without any restriction to the flow
- Totally enclosed construction ensures dust free environment
- Capacities range from 10TPH to 800 TPH
- Indigenously manufactured, can be retro-fitted to any existing flow meters
- IPA make solid flow meters offer better than 2% accuracy and can go as high as 0.5% with check weighing
- Material temperature can be as high as 250°C
- Easy calibration using standard weights
- Low cost on maintenance as there are no moving parts
- Designed for easy maintenance
- Vibrator can fixed on the system for sticky materials
- Electronics has outputs to adapt to any kind of prefeeders with modbus or profibus connectivity
